## UNA R. WINTER RE-ELECTED HEAD OF WOMAN'S CLUB

### Annual Election of Club Officers Held This Afternoon in Club House

### ADDRESS ON ART GIVEN

### Noted Traveler and Art Student Speaks of Chinese, Japanese Work

Having served the organization with marked success during the past year, Mrs. Una R. Winter was this afternoon unanimously re-elected president of the Upland Woman's club, her selection having been made at the annual business meeting which opened at 2 o'clock in the clubhouse on Second avenue.

The election by ballot was conducted by Mrs. Leon Durham, club parliamentarian, and the nominating committee, headed by Mrs. J. Emory Sargent, presented a complete slate, all proposed candidates being elected without further nominations.

A second member of the official staff to be re-elected was Mrs. J. F. Sawyer, treasurer, this by no means being the first time she has been recalled to that office, which indicates the hearty approval with which the club members regard her efficient administration of the duties of her office. Mrs. Sawyer was first elected treasurer of the Upland Woman's club in 1915, and served continuously up to and including 1919. Again in 1927 she was placed in office as treasurer and has been elected each year since then.

Other club officers elected today are Mrs. S. M. Jessup, vice-president; Mrs. W. H. Andrews, recording secretary; Mrs. Frank Baxter, corresponding secretary; Mrs. George S. Foster, parliamentarian, and Mrs. Chas. V. Barr, auditor.

Always a loyal and active member of the club, Mrs. Winter has increased her efforts during the past year and by making a comprehensive study of the needs of her club and expending a great deal of time and energy, she has kept the affairs of the organization running smoothly and progressively, having at all times the harmonious cooperation of her staff. Mrs. Winter's kindly and pleasing personality and the easy grace with which she presides at club meetings has won the admiration of her fellow members.

Those who served efficiently with Mrs. Winter the past year are Mrs. Nora M. Eells, vice-president; Mrs. D. J. Burlingame, recording secretary; Mrs. W. E. O'Brien succeeded recently by Mrs. Geo. V. Brown), corresponding secretary; Mrs. J. F. Sawyer, treasurer; Mrs. Leon Durham, parliamentarian, and Mrs. D. R. Foss, auditor.

Following the business meeting today at which reports were received and other matters given attention, an open meeting was held, the speaker being Miss Helena Whitford, nationally known student of art and literature, who delivered an exceedingly interesting lecture on "Chinese and Japanese Art." There were also several Japanese songs by a group of Japanese girls.

## Lions Will Name New Officers Soon

End of an attendance contest in which the Upland Lions club will probably rank 100 per cent and win a prize from the International office of the club, comes at the meeting of the group Thursday noon. Ted C. Combs, building inspector, will be in charge of the meeting.

Election of new officers for the year will come at the meeting on May 1. Fred E. Draper is the present president.

## Valtonians to Picnic at Newport Sunday

Members of the Old Baldy council Izaak Walton league will join with other members of the group throughout the southland next Sunday in a sportsman's picnic at Newport Beach.

Nearly every kind of a contest in the realm of fishing and hunting will be conducted, with prizes [illegible] Roy Creighton of Upland [illegible] one of the prizes. The Newport chamber of commerce is sponsoring the picnic. [illegible] from the local chapter will be with the group.

## Women Honor Her With Re-election

Mrs. Una R. Winter who was unanimously elected president of the Upland Woman's club for the second year at the annual meeting in the clubhouse this afternoon.

## CUP OFFERED IN HORSESHOE CLUB

### Richardson Funeral Home to Give Trophy to Best Team in West End

If there is a horseshoe club or team formed here and if an organization is formed to sponsor horseshoe tournaments for teams in West End cities, a silver loving cup will be offered the winner.

Following the announcement in The Upland News Friday of the discussion looking toward the formation of a horseshoe club here, the Richardson Funeral home advised Clair E. Kirk, chamber of commerce secretary, that it would give the cup to the winning team.

With this incentive, indications are brighter than ever for the organization of a group of older residents of the city for the purpose of conducting horse-shoe throwing contests.

Ontario already has a group of persons interested in the old-time art of throwing ringers and it is believed that within a short time Upland will have such a group. All persons interested are to get in touch with Mr. Kirk at the chamber office.

W. A. Salisbury of the Ontario establishment, informed Mr. Kirk that a trophy would be ready when the contests got under way.

## PLAN OPEN HOUSE ON HOSPITAL DAY

### Woman's Auxiliary Has Meeting in Hospital Library; Reports Received

A number of reports were made and plans for open house on Hospital day were discussed at the regular monthly membership meeting of the Woman's Auxiliary of the San Antonio hospital held on Monday afternoon in the hospital library.

May 12, observed throughout the nation as Florence Nightingale's birthday, is Hospital day, and in observance of the day in Upland there will be "open house" at the hospital in the afternoon and evening, the public being admitted for inspection of the building and equipment. A silver offering will be received and a special request is made for a shower of vases and other flower holders.

The report of the treasurer, Mrs. H. O. Chapman, showed a balance on hand of $253.79. Provisions and equipment committee, Mrs. Bess Jones chairman, reported donations of 59 quarts of fruit, 14 glasses of jelly, five pints of marmalade and five boxes of oranges and lemons. Mrs. Jones also reported regular contributions of magazines for the library which she declared to be kept in excellent condition by members of the Upland Business and Professional Women's club. This club, which has been active in building up the library, was recently appointed by the auxiliary as hospital librarian and each month the members whose birthdays occur in that month have charge of the library.

Mrs. A. L. Weller reported regular contributions of flowers for the rooms and the patients trays.

Mrs. R. R. Harrington reported three patients cared for during the month by the free bed fund. In these cases the sums of $56.98, $27.70 and $8.30 were expended, making a total of $92.98. There is a balance on hand of $132.76.

Mrs. Earl Johnson, provider of the sweet pea fund, reported a total of $37 so far realized from the sale of her sweet peas.

Representatives of 15 supporting organizations were present. A partial report from nine of the representatives showed they represent a membership of about 175.

## PROGRAM TONIGHT WILL MARK PUBLIC SCHOOL WEEK HERE

### Students Will Present Music and Speeches; Fontana Man Will Speak

### INSPECTION IS INVITED

### Masons Will Be Present As Part of Their Observance of Week

First local observance of public school week will come tonight when Chaffey musical and public speaking students and a Fontana business man appear on the program in the Chaffey auditorium at 7:30 o'clock.

Value of education will be the general theme of the program tonight and the remainder of the week. Dr. Merton E. Hill, principal joined with all of his staff of officials and instructors in inviting the public to be at the meeting tonight and in inspecting the schools and the educational facilities.

Orchestras from the junior high school institutions in the Chaffey district and the Chaffey senior high school and junior college orchestra and the high school and jaysee glee clubs will present numbers as a feature of the program.

Adult education will be the topic discussed by Harry Barbee, Fontana banker. Edward Dart, who was Chaffey's first prize winner in the international constitution oratical contest, will deliver his oration, "The Promotion of World Peace under the Constitution."

"The Community Needs Chaffey" will be the topic of the address to be given by Wallace Speers. Don Towler will give as a reading his original verses.

Dr. Hill will preside.

This public event will be the West End's only public observance of the eleventh annual observance of public school week. The purpose of the special week is to afford an opportunity for the public to participate in various exercises and to inspect the educational facilities.

Members of the Masonic lodge here and in Ontario will attend as a part of their observance of the special week.

PROCLAMATION

All citizens are respectfully requested to assist in proper observance of the eleventh annual celebration of California Public Schools Week, which is being held throughout the state during this week, beginning Monday.

In view of the fact that our public school system has been largely responsible for the position of leadership which our country now occupies in all matters of human endeavor, it is fitting and proper that we take this opportunity of showing our appreciation of what it has done for us; and in order that it may continue to be a great influential factor in moulding the minds and hearts of our future citizens, we bespeak your hearty cooperation with those who have our schools in charge.

Let everyone participate in the celebration of California Public Schools Week and make it a valuable community affair.

A. H. JOHNSON,
Mayor.

## San Antonio Water Co. Has Begun Irrigating

The San Antonio Water Co. started its irrigation period yesterday. This is in accordance with the decision at the meeting of the board of directors on that day. The start was with 50-inch heads and it is expected this will be increased to 60-inch heads on July 1. This is about three weeks later than the customary starting date for irrigating, which usually begins about April 1.

## AFTER BOYS AND GIRLS WORK FUND

### Organization Mailed Out Letters and Hope For Generous Response

The Upland Boys and Girls Work Organization have mailed out 500 letters soliciting funds for financing boys and girls activities and welfare work in the community. As previously stated, it is desired to raise $2500 for this work in Upland this year and it is hoped that all the return stamped envelopes will be sent in with the contributions within a very few days. Upland takes just pride in the work that is being done with the young people. Last year 1106 girls participated in the activities of the Chaffey Community Girls Work Organization, through which organization part of this fund is expended. The Boy Scouts come in for their share also and some of the money goes toward the community welfare fund. It will also be of special interest to Upland people to know that this work in this community is carried on at a less per capita cost than in any of the surrounding territory.

However, last year our city did not pay its proper share in support of this work for the boys and girls and it is hoped the response at this time will be more generous and that some who have not heretofore contributed will do so now. There is no other appeal of this kind in Upland during the year and this can in reality be called our community chest.

No doubt there are a good many to whom letters were not mailed and it is hoped that many of these will hand or mail their contribution to R. C. Norton, Bank of America, Upland.

Practically all the leaders in civic work are giving their time, money and thought to this work and this alone should be sufficient guarantee as to the worthiness of the enterprise and of the proper distribution of the funds subscribed.

## Missionary Union to Meet in Upland Thursday, April 24

Attention of the public in general and especially of all members of missionary societies is again called to the thirtieth annual meeting of the Woman's Missionary Union, which will be held in the Upland Presbyterian church on Thursday, April 24.

This will be an all-day meeting beginning at 10 a. m., and continuing to 3 p. m., and including a social hour and box luncheon at noon.

In addition to the business sessions which always are interesting, there will be inspiring devotional services and music with addresses by speakers prominent in church and missionary circles.

Any of these sessions will prove well worth attending and a cordial invitation is extended to any who wish to come.

## Children Will Be Vaccinated Friday

All school children who want to be vaccinated against smallpox will receive the toxin-antitoxin treatment Friday morning, it was announced today.

The children will not be vaccinated unless the parents give their written consent. Blanks for the parents' signature will be given the children to take home.

Dr. C. L. Emmons, city health officer, will be at the Tenth street school Friday morning for the work. All parents who want their children treated will find it advisable to sign and return the blanks to the school.

## STATE GROUP WILL SEEK TAX RELIEF

### Grier Back From North With Permanent Group Planned to Get Reform

Statewide in its scope an organization will be effected, with the assistance of C. E. Grier, Upland supervisor, to bring about support of Assembly Bill No. 21, which will reimburse counties that suffer as the result of Amendment No. 1.

Mr. Grier returned early this week from Sacramento where representatives of 22 counties discussed the preliminary organization, named Mr. Grier a member of the advisory committee and turned its attention from Amendment No. 1 to the assembly bill, which will be offered at the November election as an amendment to the state constitution.

The permanent organization will be effected in San Francisco on May 22, at which every county in the state will have a representative.

Amendment No. 1 enables the state to take the taxes of corporations and operative property, causing a loss to at least 22 counties in the state, this county being one of the heaviest losers of money, which would otherwise go into the county taxes.

Bill No. 21 seeks to reimburse those counties for losses sustained in the taking by the state of taxes which would ordinarily go to the counties. Such reimbursement is to be made as long as the state has at least $10,000,000 in the treasury of unappropriated funds.

In this proposal Mr. Grier sees some relief from the present situation, but his ultimate hope is the repeal of Amendment No. 1. The proposed organization will seek only to get the Bill No. 21 passed at the November election, but later, the same efforts may be centered on the appeal of the Amendment No. 1, Mr. Grier predicted.

## Children's Clothing For Missionary Box Wanted Wednesday

A missionary in the mountains of Kentucky sends out an urgent call for lamp chimneys and safety pins!

To many of us who have become so accustomed to taking modern comforts and conveniences for granted that we often forget to count our blessings, that call sounds almost incredible.

But the call comes from two girls known in this community and to whose work among the mountain people the Bethany Union women often contribute.

What a picture of hardship, deprivation and resulting ignorance that call brings to mind.

The use of oil lamps is not so uncommon in many sections, but try to imagine entire communities so poor they cannot afford a 25c chimney for a smoking lamp, or, worse still, are unable to buy five cents worth of safety pins!

The Bethany Union Ladies Aid is packing a box for these people and they ask anyone who has children's good, outgrown clothing to contribute, to communicate with Miss Maude Forbes or phone Mrs. F. L. Warburton, Upland 8717-J-4.

A supply of clean white rags also is needed. The box will be closed Wednesday evening or Thursday and those wishing to contribute are asked to do so immediately.

## GROUND BREAKING ON RESERVOIR AT RED HILL ESTATES

### Million Gallon Water Storage Plant To Be Built at 19th Near Carnelian

### KLUSMAN GETS CONTRACT

### Informal Ceremony To Be Held at Site This Afternoon—First House Started

Work on the big one million gallon reservoir which will furnish water for residents who will build on Red Hill Estates adjoining Red Hill country club will be started this afternoon at 4:30 o'clock, when an informal ground breaking ceremony will be held on the site at Nineteenth street near Carnelian, northeast of the club grounds. Contract for the reservoir has been given Henry Klusman.

Indications point to the erection of a number of houses on Red Hill estates soon, says H. F. Naisbett of that organization. Leonard Smith of the Garrett & Company winery, has sold his orange grove and home north of the winery on Base Line and started work on a new home on Red Hill Estates today. Others are to start soon, according to plans, and the fact that a lot is going to be given free to the party finishing the first home there is expected to stimulate activity there.

The big reservoir is to be built on part of the 120 acre tract belonging to Carl Hamilton and he and J. H. Williams, both of whose properties adjoin Red Hill Estates, are planning to subdivide their holdings there. These men are also interested in the water company which has been formed.

The site of the Red Hill Estates, which adjoins Red Hill Country club on the east, furnishes one of the most magnificent views in Southern California and will make a beautiful residential district when dotted by a number of fine homes.

## Bethany Union Young People Hold Service

Following the Sunday school hour at Bethany Union church on Sunday afternoon, an interesting Easter service was held, directed by Marjorie Millard.

Children of the kindergarten, primary and intermediate departments opened the program with cleverly given numbers. The senior girls of Mrs. Warburton's and Mrs. Clewett's classes sang, Lottie Kear contributed a violin solo, and the members of Mrs. Clewett's class gave a responsive reading. There was also congregational singing, the 100 new song books recently purchased by the Sunday school being used.

Following this program the regular afternoon service was held, the Rev. Jas. A. Stavely delivering the sermon.

In place of holding the regular Christian Endeavor meeting in the evening, 24 of the young people gathered at the church and from there were taken to the First Methodist church in Ontario to hear the Upland-Ontario choir present the Easter cantata.

## Merchants Lose in Practice Encounter

Ten innings to a 1 to 0 defeat is the story of the Upland Merchants first baseball clash of the season. The Riverside team that featured in the inter-city league last year, took the encounter on their home lot last night.

Jake Voth and Mark Bailey twirled the fray, Voth going four innings and Bailey winding up the game including the extra inning. Dowding, an employe of the G. A. Hanson Fruit company, a new light in the line-up, came from third to catch for Bailey.

## Buffington Speaks on Citrus Industry

Early California history continued to be a topic before members of the Upland 20-30 club in The Sycamores last night when Frank C. Buffington spoke on the developments of the local citrus territory.

Beginnings of the citrus industry were described and Mr. Buffington also told of the effects of the improved water situation and smudging on the crop production.

John Joines was in charge of the meeting.

## Census Taking in City to End Soon

Census taking inside the city limits of Upland will be finished this week and all persons who have not been enumerated will perform a favor for their city if they will call the Upland chamber of commerce, telephone 8.

Such was the announcement today of Reid B. Bordwell, field supervisor, who said that the end for the enumeration inside the city would come Saturday.

Mr. Bordwell and his staff are making every effort to get every Upland resident enumerated. Persons outside the city limits will get special attention next week. The officials explained that there is no use for the residents outside the city to call the chamber this week.

Mr. Bordwell will be at Camp Baldy tomorrow.

## ONTARIO MAY DROP AIRPORT PROJECT

### Study To Be Given Before Decision Comes; Williams Named as Mayor

Ontario city officials are today considering the fate of the Ontario city airport.

Whether the aviation project south and east of the city will be further developed or allowed to remain as it is now and wait future development in the aviation industry is the question.

Mayor Francis Williams, N. H. Garrison and Dr. C. L. Emmons, councilmen, expressed themselves at the council meeting last night as not willing to obligate the city further. Definite action will not be taken for two weeks. Unless the city expends more money in improving the project, Ontario will not receive the proper advertising, it was pointed out.

Austin Burt, city service manager, was asked to make a survey, determining how much it would cost to make the port as it should be and how much advertising the city would get with such a port.

Mr. Williams was re-elected as mayor for a term of two years, after A. B. Lund, new councilman, took the office vacated by A. O. Dillon.

Mr. and Mrs. C. D. Daniels and family and their nieces, Misses Essa and Italia Morgan, attended the sunrise Easter service on Mt. Rubidoux Sunday. The weather was beautiful for the outdoor service and the Upland group succeeded in making pictures of the assemblage.

## ASK DEER LIMIT REDUCED TO ONE

### Vasbinder Tells of Changes Asked at Meeting of Sportsmen

D. L. Vasbinder of this city, president of the Orange Belt Council of the Izaak Walton League, and S. H. Jacobs, were at Bishop last Friday and Saturday attending a meeting of sportsmen and officials of the national park and national forest service of the state, practically all of the parks and forests being represented by the superintendents. Many matters of interest to hunters and anglers were discussed and recommendations made.

It was unanimously agreed to ask that regulations on golden trout be brought down so the limit will conform with that of other varieties of fish, also that the season in the High Sierras be advanced from June 30 to June 1.

The state will be asked to reopen the Sixty Lake Basin, adjacent to Lone Pine and Independence. These lakes were set aside for egg taking purposes a few years ago and it is now said the fish are too numerous for the amount of food for them in these lakes. This would afford a great fishing place for lovers of that sport for some time.

The meeting asked for a closure on grouse and sagehens, these being practically extinguished, says Mr. Vasbinder. A short open season on ringneck pheasants was recommended and it was also asked that the limit on deer be reduced from two to one.

Upland people will be interested to know that F. C. Johnson, son-in-law of Godfrey Andreas of this city, is very active among the sportsmen of that section of the state. He is president of the Golden Trout club of Owens valley and also conducts a hotel at Lone Pine, which Mr. Vasbinder says is one of the very best small hotels and that the rates are extremely reasonable.

## SPELLERS GETTING SET FOR CONTESTS IN LOCAL SCHOOLS

### The Upland News Conducting "Spelling Bees"; First Will Be Monday

### ONE TEAM IS SELECTED

### Each Grade to Compete in Old-Fashioned Contests in West End Districts

The Upland News spelling contest for the schools of Upland, Alta Loma, Cucamonga and Etiwanda has progressed to the point of one room already selecting its team and of arrangements being made for the fourth grade final spelling bee.

In the Tenth street school Monday afternoon 35 fourth grade students from seven West End schools will compete in one of the first contests of its kind ever held here.

This will be the first of five such events to be held by The Upland News as a means of stimulating interest in spelling and in reviving the old-time spelling bees.

The contests will include all grades from the fourth to the eighth, and the following schools will be entered: Eighteenth street, Tenth street and Sierra Vista, Upland; Central and Cucamonga, Cucamonga; Alta Loma school and Etiwanda school.

Each room will select five of its best spellers and enter them in the final room contests. The final spelling bees will be held as soon as possible, with indications that the fifth graders from the seven schools will compete May 4.

The contests are to be oral and the aspirants will be lined up in a row, with no two students from the same school together. When a word is misspelled, the student is to take the foot of the line. When a student misspells two words, he or she is eliminated.

The last five remaining students will be given points, the last one up will get five points, the next student, four points; the next three points; the next, two points, and the next, one point.

The room getting the most points will be the winner, and will receive a pennant from The Upland News. The five students winning points will get an Upland News prize.

Central school, Cucamonga, has the distinction of being the first to select its team to compete in the Tenth street school Monday. This quintet will include three fourth graders and two third graders.

Miss Laura Shaver, teacher, explained that there are only five students in the fourth grade and that the two third graders could out spell two in the fourth. The Central entrants include these: Jack Beattie, son of A. C. Beattie; Louise Thomas, daughter of L. J. Thomas; Chiyoko Yamaguchi, daughter of Y. Yamaguchi; Angelina Cattabiano, daughter of John Cattabiano, and Elsie Phibbs, daughter of Henry Phibbs. The last two in the list are the third graders.

## Junior Farm Center Fair Gets Attention

One month distant, the annual Chaffey junior farm center fair is today looming up as one of the important events for next month and scores of students are preparing for the presentation of the "biggest little fair in the world."

Indications now are that the annual event will be an equal or better than previous displays. Rain would improve the students' crops and result in a better show, according to Charles A. Perrin.

May 23 and 24 are the dates for the junior farm center fair.

## Internal Revenue Officer Is Here

C. Fulton Jones, internal revenue officer, was in Upland today and will be here until tomorrow night, considering income returns and making adjustments in cases where mistakes have been made.

He is at the police station, where Uplanders and others in the district are being interviewed.

## Why Go To School?

The observance of School Week centers attention on Young America. "Why should a boy go to high school?" asks Thomas A. Clark of the University of Illinois.

He then continues: "Well, why do boys go? Because their parents insist, because their friends are going, because they have been going to school all their lives and they see no good reason why they should not continue.

"'To get an education', they say, if you ask them; but what does that mean? Facts, information, knowledge, finding out where places are, and when things happened, and what causes other things to occur, and how to get the answer.

"This is in part true, but only in a very small part, for the main part of education is training and not information. Facts are only the tools with which we work in training one's mind. In the pursuit of education we should ultimately acquire a great many helpful facts, but the training of the mind to reason, the cultivation of the memory, the development of poise and judgment, the understanding of how men think and have thought, the setting up for ourselves of high ideals of thought and action are the vital and important things.

"Training, such as I have referred to, will do a great many things for a boy. It will make him keener, more self-reliant, a better judge of men, and so better able to deal with men. It is likely, therefore, to help him make more money more easily, though that is only incidental and should not be his main purpose in getting an education.

"It will make him happier, more influential, and a better citizen. These last are the selfish reasons that induce the state to support free education, because the state expects a return of service from every man whom it helps to educate."

—O—

What has become of the old-fashioned woman who used to wear long dresses? We saw one the other day and she was a curiosity—attracting as much attention as did the "shorts" when they first came into style. And—where, oh, where is the fellow who used to kick because women wore their skirts too short?

—O—

Headline in Los Angeles paper: "Clearing Skies Expected After Rain." Isn't that about what we usually expect after a rain? Why all the fuss about it?

—O—

If you don't claim to be smart, people may give you credit for knowing more than you do.

## Notes of Society

**Delightful Bridge Luncheon Given by Mrs. Manker—**

A bridge luncheon of lovely appointments was the courtesy extended Monday to a group of her friends by Mrs. Fletcher H. Manker, who entertained at her attractive home on Second avenue.

Sweet peas, old-fashioned pink and yellow roses and sweet-scented lilacs were used in the artistic house decorations while pastel shades predominated in the table decorations and dainty place cards. A delightful three-course luncheon was served.

It being a beautiful spring day with the air enticingly balmy, the house was thrown open and the bridge tables were arranged in the spacious living room and dining room and out on the large sun porch.

The bridge playing, which did not preclude much merry conversation, resulted in prizes being awarded to Mrs. Reid B. Bordwell, first; Mrs. George Gregg, second, and Mrs. C. K. Francisco, consolation.

Mrs. Manker, whose charming hospitality is always much enjoyed, was assisted in entertaining by her daughters, Mrs. Chas. V. Benson, Mrs. Robert Manker, and Mrs. Hubert L. Manker.

Guests invited to enjoy the afternoon with Mrs. Manker were: Mesdames Eva Alford, W. S. Avery, Chas. V. Benson, W. L. Brown, L. R. Bradley, H. O. Blohm, G. A. Brest, Reid B. Bordwell, Mae S. Cable, A. J. Colgan, W. C. Cline, William Crane, W. M. Drummond of Honolulu, C. O. Deverts, C. C. Eyman, H. C. Everetts, Mary Eckerman, H. W. Flowers, D. R. Foss, C. K. Francisco, George Gregg, Earl E. Hawthorne, R. H. Henderson.

**Children Enjoy Delightful Easter Morning Party—**

A delightful Easter party that brought happiness to 15 little children was given early on Sunday morning by Mrs. Earl E. Marsh, Bobby, the small son of the family, being official host. Mrs. Marsh was assisted in the preparations and in entertaining the small guests by Mrs. Thos. E. Howarton and Mrs. Floyde Atwood.

The party was held at an early hour, beginning at 8 o'clock, in order to permit the children to attend Sunday school later. A great Easter egg hunt with fifteen dozen brightly colored eggs as the trophies, proved exciting sport for the children as they scampered over the lawn, searching beneath the flowers and shrubs for the hidden treasures.

But the best part of all came when live white rabbits and little white chicks were presented to each child "for keeps." Mr. Marsh made a number of motion pictures of the children as they played in the yard and as they received their little pets.

The party was a thrilling event for Bobby and his guests, who were Jimmy and Louise Atwood, Marilyn and John Fossett, Richard Bahme of Los Angeles, Jean and Junior Kirk, Marceline and Dorothy Sue Bradfield, Marcella Gibson, Mary Gear, Georgia Sleuman, Anita Rohrig, and Billy Smith of Anaheim.

**Mr. and Mrs. Creighton Hosts to Social Club—**

Mr. and Mrs. Roy Creighton were hosts Friday night to members of the Social club, who gathered at the Creighton home on Washington boulevard for the biweekly meeting of the club.

Mrs. Creighton used bright garden flowers with Easter bunnies and other novelties in her house decorations and during the evening she served tempting summer refreshments.

A 500 tourney furnished pleasant diversion for the guests, the men winning all honors, with first prize going to Clyde Jones and second to Enos Leaman.

Guests of Mr. and Mrs. Creighton were Mr. and Mrs. Howard Graves, Mr. and Mrs. Clyde Jones, Mr. and Mrs. Enos Leaman, Mr. and Mrs. Floyd Jones, Mr. and Mrs. Joe Aime, Mr. and Mrs. T. D. Maxwell and Mr. and Mrs. Earl Dority.

**Motorists Enjoy Week's Trip to North Coast Country—**

Mrs. Alexis Crane and Miss Crane have returned from a week's motor trip which took them up the coast to Carmel and on to Santa Maria. The weather was delightful in the northern country and the wild flowers were blooming luxuriantly. The motorists returned home by way of the Ridge route.

## Opposition to Bill Is Expressed by Women

A matter which is being given much consideration, not alone by club women but as well by all who are interested in continuing the work done during the past seven years under the Sheppard-Towner act in behalf of the health and welfare of mothers and infants, is the substitute bill, H. R. 9888, which is proposed to replace the Jones-Cooper bill.

The Jones-Cooper bill embodies the principles of the Sheppard-Towner act for which the General Federation of Women's clubs has stood for years, and which has had the support of the League of Women voters.

The new measure proposed by Representative Cooper as a substitute for his original Jones-Cooper bill, and which is known as bill H. R. 9888, is not approved by these two large women's organizations and will not have their support. On the contrary, the substitute bill is being actively opposed since it is considered "confusingly vague in terminology, definition and intent," and in many ways is unsatisfactory.

Women interested in this important maternity and infants work are being urged to communicate with their representatives in Congress and to express their opposition to the substitute for the Jones-Cooper bill.

**Mr. and Mrs. Eastlack Celebrate Golden Wedding—**

A golden wedding celebration that brought together more than 100 friends and many relatives, was held on April 15 by Mr. and Mrs. W. A. Eastlack at their home, 377 First avenue.

Married 50 years ago in Moravia, Ohio, the Eastlacks came to Upland 19 years ago and since that time they have made many friends here, who were happy to join with them in the celebration.

The home bore a beautiful floral decoration, yellow roses and golden daffodils and tulips being used. Also as greetings and expressions of good wishes 35 lovely bouquets were sent in or brought by individuals and by organizations.

Assisting their guests were their niece, Mrs. Cecil Chambers; two granddaughters, Isabel and Dorothy Eastlack of Los Angeles, Mrs. Lester Jones, a long time friend, and her daughter, Lucile Jones.

The ariving guests were registered in a cleverly made golden guest book and during the afternoon a delicious fruit punch was served the guests. A handsome angel-food wedding cake with decorations of golden butterflies and the dates, 1880-1930, was made and presented by Mrs. W. H. Tuttle. There were a the beautiful bouquets, and an esthe beautiful bouuets, and an especially handsome one, a table lamp, from a group of former Moravia, Iowa, friends.

It is interesting to note that the oldest guest present was John Campbell, 94 years old, while the youngest guest was Wesley Chambers, five months old son of Mr. and Mrs. Floyd Chambers and grand nephew of Mr. and Mrs. Eastlack.

Relatives attending the celebration were two sons, Willis Eastlack and family of Los Angeles and Walter Eastlack of Palm Springs, Mr. and Mrs. E. E. Laird, Mr. and Mrs. A. L. Chambers, Mr. and Mrs. Cecil Chambers and family, Mr. and Mrs. Floyd Chambers and baby, all of Upland; Mr. and Mrs. Vern Eastlack and Mr. and Mrs. Herbert Winters of Southgate, and Mrs. Kate Phueters of Hollywood.

Donations received by the San Antonio Community hospital of $163,032.76 is the amount received during the last five years and not just during last year, as was reported in The Upland News on Friday.

ANOTHER Majestic YEAR!

CARLOAD SALES
Prove this to be the Greatest Year in MAJESTIC History!

A NEW month-by-month sales record has been set which eclipses all previous achievements in Southern California and Arizona. During January, February and March an average of over 21 carloads of Majestic Prosperity models were delivered to Southern California homes. No one ever believed that the famous record of 1928 and '29, when the monthly sales average was 18 carloads, would ever be equalled. Yet now it is *surpassed!*

Majestic Prosperity models are the answer. The radio-wise public hears in the Majestic Colotura speaker the greatest development in tone ever achieved. Majestic cabinets are beyond comparison for beauty, quality and craftsmanship. Majestic prices shatter the much advertised "ballyhoo" of bankrupt stocks and orphan sets. A Majestic today, at *standard prices*, is a permanent investment, a guarantee that you are buying known value and performance, the best that money can buy regardless of price.

Let us prove Majestic superiority with a convincing demonstration in your own home. Make the arrangements NOW. Learn the reasons for Majestic's leadership of the entire radio industry. NO OBLIGATION *of course.*

George Smallwood, who was injured in an accident on Foothill boulevard a week ago tonight, is improving, according to a report today from Dr. John B. Craig. The injured youth is getting along nicely and is showing signs of improvement, he said.

# M'QUILLEN NAMED AS CITY'S MAYOR

### Atchley, Manker Take Office, With Appointments To Be Made May 1

P. H. McQuillen is today Upland's new mayor.

He was the unanimous choice of the newly organized city council yesterday noon. With William Atchley and Fletcher H. Manker as new members, the new city governing board picked its leader.

Mr. Atchley took the chair held by L. E. Moser for eight years. Frank C. Buffington was on his left. Mr. Manker was seated in the chair that C. K. Francisco has called his own for 12 years. Mr. McQuillen and A. H. Johnson, veteran city officials, changed chairs.

For eight years as mayor, Mr. Johnson has occupied a swivel chair that could be inclined backward. On it was a cushion and as Mr. Johnson left the mayor's seat, he took up the cushion, then put it back for his successor. But before he got seated in Mr. McQuillen's place, a fellow councilman snatched the cushion from the mayor's seat and placed it for Mr. Johnson to rest on.

Their chairs will be vacant until May 1, when the new group will meet for its first regular meeting and appoint heads of the departments. Appointment of a city attorney looms as the only point on which the councilmen may have some difficulty.

Whether or not the city is justified in retaining a non-resident as the legal advisor or whether a local man can handle the office, appears as the question. Ralph E. Swing is the present city attorney. Name of Edward E. Gray has been mentioned as the likely candidate if Mr. Swing is not re-appointed.

# ROTARIANS HEAR OF TAX PROBLEM

### Supervisor Grier Gives Interesting Talk After Return From Sacramento

Supervisor C. E. Grier, returned from a meeting in Sacramento, where tax matters of special interest to San Bernardino county were discussed by supervisors from twenty-two counties, at the Rotary club today told of this county's loss in taxes as a result of Amendment No. 1 to the state constitution. This takes from county assessment railway and other public utilities, about $40,000,000 of assessable property. A substitute amendment is now being sought which will return this property for local taxation. If same should be taxed alvalorem this would mean an increase in tax money paid to San Bernardino county of 20 to 25 per cent and a proportionate reduction to local taxpayers. Other methods might reduce the tax rate 50 per cent. The effect of Amendment No. 1 in this and other counties has meant the impoverishment of various school districts and such schools have either had to be helped by the county at large or the schools allowed to deteriorate. Needles is the notable case in this county. It is up to San Bernardino county voters to keep posted on developments in this matter and vote to their advantage at the general election.

Archie Moore, accompanied by Mrs. Moore at the piano, sang by special request "Old Man River," and responded with an encore after the hearty applause. Both numbers were delightfully given.

### Scouts Will Hold Public Court of Honor Thursday

Boy Scouts of the Upland district will hold a public court of honor ceremony at the clubhouse of the Upland Woman's club Thursday night, beginning at 7:30.

In addition to the ceremony in connection with the presentation of the badges, there will be other features including demonstrations of scout work and a talk by Eagle Scout Vincent Combs on the Boy Scout Jamboree held in London last summer.

There will be an attendance contest among the troops, the trophy going to the troop with the greatest number of members and friends present.

J. Emory Sargent is chairman of the court of honor and other members are Norvel Jordan and W. W. Horak.

# EASTER OBSERVED IN VARIOUS WAYS

### Sunrise Services, Church Programs and Easter Cantatas Well Attended

With large crowds in attendance at various services, Easter Sunday was generally observed in Upland in a manner befitting the significance of the day.

A beautiful sunrise service with inspiring program was held in San Antonio park being sponsored by the Ministerial Union of Upland and Ontario and participated in by people of these and surrounding communities.

Something more than an hour later another sunrise service of equal impressiveness was held on Sunrise peak, near Camp Baldy, and was attended by many people from the valley.

In all the churches appropriate easter services were held at the regular worship hours and several church choirs presented musical programs.

"The Daughter of Jairus," beautiful Easter cantata by Stainer, was presented in Upland Methodist church Friday night by the combined choirs of that church and the Ontario First Methodist church, being repeated Sunday night in the Ontario church. The combined choir of 60 voices was directed by Mrs. Ralph J. Wilson and the splendid rendition of the inspiring cantata music was heard by audiences that taxed the capacity of the churches.

Under the direction of Miss Martha Stavely, the large choir of the Mennonite church also presented "The Daughter of Jairus" to a large and highly appreciative audience. There are many excellent voices in the Mennonite choir and they gave a beautiful interpretation of the various numbers in the cantata.

Another musical program which afforded much pleasure to the audience was presented by the young people's choir of the Presbyterian church at 4:30 Sunday afternoon. The program included a group of Easter songs so arranged as to create a Victory ensemble. The young people arranged and presented the program entirely by themselves and the result would have been a credit to any adult choir.

The choir was ably directed by Miss Dorothy Hill.

### Mrs. Tweed Talks Long Distance to Miss Janet Stone

Mrs. W. S. Tweed, who will be 95 years of age next month, linked the continent Saturday night in an expression of Easter greetings to her granddaughter, Miss Janet Stone, in New York City.

Arrangements had been made for the telephone conversation, but the aged woman was thrilled into tears as she heard the voice of her relative in New York. The hookup resulted in a clear transmission of the voices, but little other was said than a few words of season greetings.

Mrs. Tweed is living at the home of Rev. and Mrs. R. C. Stone, she being Mrs. Stone's mother.

### Baseball, Track on Schedule This Week

Preliminaries in the Southern California high school conference meet will be held at the Los Angeles high school Saturday.

Chaffey and Riverside baseball teams will clash at Riverside on Friday.

Such is the schedule for the major athletics at Chaffey this week end. A diamond game may be scheduled for the Jaysee nine, but an opponent had not been selected today.

Finals in the high school track meet will come May 3 in Los Angeles. That date will also see the junior college conference track meet on Graber field, this being a postponed meet from last month.

### Betz Citrus Grove Sold in Two Deals

A real estate trade was announced yesterday in which A. W. Benson exchanged his home on Eighth avenue for a five acre orange grove on West Thirteenth street, the trade being made with the Betz brothers, J. Arthur, Charles and J. E. The citrus property is not improved with buildings.

Mr. Benson is at present having an attractive home erected on Vista drive, San Antonio Heights and will move there upon its completion.

In another deal involving the second five acre grove in the Betz brothers property, G. T. Redmon became the owner of the last citrus grove on West Thirteenth street. The deals were made through the real estate firm of Grier & Redmon.

### Beulah College

The two days of vacation, last Thursday and Friday, were spent in various ways by members of Beulah college.

Miss Cassel and Miss Gish spent most of the time in Pomona where Miss Cassel worked on her Master thesis.

Mr. and Mrs. Brubaker moved from Third to Ninth avenue.

On Thursday the juniors were at Lake Arrowhead and several of the dormitory girls with Miss Rosa Eyer as chaperone hiked in the mountains.

The college sophomores with their advisor, Miss Cassel, and the invited guests of each, enjoyed a very pleasant entertainment given by Miss Neva Benson at her home on Eighth avenue last Friday evening.

The early hours of Sunday morning found a number of the Beulah college people at worship on Mt. Rubidoux.

A number of the girls enjoyed Sunday afternoon visiting with their friends from Pasadena, several of whom attended school here prior to this year.

# UPLANDERS ESCAPE, OTHERS ARE HURT

### Three Killed as Car Crashes Into Oil Truck; Hospital Is Kept Busy

Uplanders escaped serious injury in auto accidents over the week-end, but the San Antonio Community hospital was today the center of much interest as victims of wrecks in the district over the week end were fighting for strength and recovery.

When a sedan, carrying nine persons, crashed head-on with a loaded gasoline truck, three were killed and four others were taken to the San Antonio Community hospital. The crash occurred on the Valley boulevard, three miles east of Ontario, Sunday morning.

The dead are Mr. and Mrs. George M. Bennett and Rose Marie Wasserman, 7, all of Los Angeles. The Bennett and Wasserman families were in the car, Mr. Bennett being the driver. Stanley and George Bennett, sons of the dead couple, are dangerously near death at the hospital. Other members of the two families were injured, but will recover, according to reports.

Bennett was driving east and had passed two of a string of cars going in the same direction and it is believed he was going so fast he was unable to get into the line of traffic and escape the oil truck, which was going west.

his machine from the curb on Sec- H. Masuda, Upland, was backing and avenue between Ninth and C streets, here Saturday afternoon, when he hit a Pacific Electric passenger bus. He was badly shaken up, but not seriously injured.

# PUCKETTS INVITE ALL TO SEE PLANT

### New Ford Industry at Long Beach Opens This Week; Full Line Displayed

Arrangements have been completed for the formal opening of the Ford Motor company's new, huge assembly plant at Long Beach harbor this week. Four cities, Los Angeles, Long Beach, Wilmington and San Pedro, will join in one of the largest celebrations ever held in the southland industrial world. Announcement of the plans is made by C. S. Williams, Ford branch manager, and the official word was received here by Mildred R. Puckett of the Charles R. Puckett company.

Beginning today open house week will be held and the general public is invited to visit the new plant from 1 p. m. to 5 p. m., and from 6 p. m. to 10 p. m. daily. Guides will conduct visitors along the assembly lines, where the guests will see cars assembled from the time the frame is started until the completed car is driven off the floor.

A big tri-motored Ford all-metal monoplane will be exhibited outside the plant.

The new plant is built on a 40-acre site opposite Terminal Island. There are two large units with a combined floor space of 350,000 square feet. A single story assembly plant 920 feet long by 301 feet wide with a two-story office portion, comprise one unit. The other which is adjacent is a two-story transfer warehouse 440 feet long and 86 feet wide.

In Long Beach, local people can find the plant by going on Anaheim avenue, two miles west of American boulevard to Badger street, turn south on Badger going until the plant is reached.

## W. J. Kincaid Sells Grove to Glendoran

Sale of 42 acres of high productive citrus property and a large residence by W. J. Kincaid to R. J. Madern of Glendora, was announced today. The property is located on Hermose avenue, Cucamonga.

This transaction will bring to the territory an experienced citrus man. Mr. Madern taking possession of the grove immediately. He and his family will occupy the 10-room house May 18.

Mr. Kincaid has a long record of public service in the territory and it is believed he will remain here.

## Chaffey Judgers in Line For State Title

Chaffey stock judging team is following the path the national champions took a year ago and at the state finals at San Luis Obispo May 3, the local judgers may again win the right to compete in the national contest at Kansas City.

Charles A. Perrin, director of student projects, presented to the student body yesterday a cup the Chaffey team won Saturday at a practice meet at Davis college.

Three Chaffey teams may be taken to the state finals, the stock, the poultry and the tree judging teams, Mr. Perrin said.

Thursday evening Margaret Pyle and Wava Hively were hostesses to a group of young women at the home of the former for the purpose of forming a junior woman's club. After completion of the organization plans, refreshments were served by the hostesses and bridge and a social time enjoyed. Guests present at the delightful affair were Mrs. Jack McCarter (Marjorie Blaine), Mrs. Inez Smith, Mrs. Henry Klusman, Jr., Lucille Mathews, Iola Wangler, Margaret Wilson, Alice Hawker, Helen Keyes, Wava Hively and Margaret Pyle.

# MANY AT COUNTRY CLUB OVER SUNDAY

### Easter Dinner Served Large Number—Plunges Soon Ready

Red Hill Country club proved a popular attraction for members and friends over the Easter Sunday. An excellent Easter dinner was served a large number, the service being excellent and the dinner one of the very best. These dinners afford a splendid opportunity for the family to secure a Sunday dinner and relieve the wife and mother of the task for that day.

The regular monthly bridge luncheon will be held Thursday and reservations indicate there will be a large number attending following the Easter season. The hostesses are Mesdames H. M. Shattuck, Sanford Ballou and Welles T. Ross.

The next collegiate dance will be given Friday evening, at which time Mrs. F. M. Taylor will preside as hostess. These are delightful occasions for the young folks and are properly supervised.

The committee in charge of the plunges expect to have the pools ready for use about May 1. The water is yet a little cold, but the pools are now being cleaned and repainted.

The annual Eckstein tournament is now in progress, the first round having been finished. The cup must be won by one contestant three successive years to become his permanent property.

# SPORTSMEN LOOK TO FISHING DAY

### Season Opens May 1 With Indications of Best Year For Nimrod Fans

With the streams carrying more water and more fish than at any time in previous years, and with very few fish being caught last year because of the closed season, Upland sportsmen today have one date marked on their calendar.

That date is May 1, opening of the 1930 angling period. At four minutes after 4 o'clock the long anticipated season of fishhooks and lines opens.

All local streams are carrying a good supply of fish, it is reported. Arrowhead and Big Bear lakes are well filled with fish, Big Bear containing much bass, according to indications.

The Hemet dam will draw many from here. In fact, parties are already being planned for the first day to many of the streams and lakes. Roy Creighton, local sportsman, told of the fish situation and predicted that local nimrod fans would find this one of their most successful seasons.

Mrs. Geo. W. Bigley returned last week-end from a several days' visit with her son and daughter-in-law, Mr. and Mrs. Lee Bigley of San Bernardino.
